

FOR PLACES ON THE TEAM.

SECOND DAY'S SHOOTING AT CREDMOOR.
MORE FAVORABLE CONDITIONS AND BETTER SCORES MADE THAN ON TUESDAY—THE SCORES MADE SO FAR.

The National Guardsmen, who are competing at Credmoor for the honor of places on the rifle team that next month will contest for the palm of superiority with a team of British Volunteers, were favored yesterday with a perfect day. The rain which fell in the early morning cooled the ground, freshened the air and quickened the gait of the sun, and the light clouds tempered the glare of the sun, and the light was even, steady and restful to the eye. A breeze blew all day, and during the shooting it veered around from one quarter almost to its opposite. At the outset it blew from the butts, and before the close of the firing at the longest range it was blowing diagonally across the range almost from the rear; but it was a very light breeze—not at all puffy—and it gave the rifles very little concern. There was a slight shower about noon, but it did not interfere with the competition.

The more favorable weather, the wearing away of the nervousness incident to the first day of a contest for team membership, and a greater familiarity of the men who are using new rifles with their weapons, resulted in a considerable improvement on the record of the first day. Eleven men made the qualifying score of 152 or more, out of a possible 210, against seven men on Tuesday, and the leading score was raised thirteen points, while half-a-dozen men clustered around the score which only one man reached then. The two ends of the list were unchanged by the day's work, Sergeant Van Housen, of Company B, 12th Regiment, New-York, maintaining the lead by putting up a fine score of 182, and Adjutant Williams, of Connecticut, bringing up the rear with a score of 89, being five points less than he succeeded in putting up on Tuesday. Between the two extremes there was some very lively fluctuation. J. L. Pauding, E. O. Shakespeare, Frederick Adler and G. E. P. Howard, who were in Tuesday's list below the fourteen men who, if fortune favors them are to compose the team, managed to get on the other side of the line yesterday, crowding out N. D. Ward, I. L. Smith, O. A. Morris and C. W. Hinman. The greatest improvement was manifest in the case of Mr. Alder, of the 7th Regiment, who advanced his score from 134 on Tuesday to 167 yesterday, and his name from seventeenth in the list to sixth. There are several very formidable men near the end of the list, who have been unfortunate in their trials, and it is not yet certain whether they will not exchange positions with men nearer the top before to-morrow's trial. Farney, of the New-York Artillery, and Hinman of Boston, have neither of them come near the expectation which was justified by their records, and there are others who feel that they are the victims of an unaccountable dispensation of misfortune.

There were two fall scores made yesterday, one at 500 yards, by Lauriston, of the National Rifles, Washington, and one at 800 yards, by Smith, of the 9th Regiment, New-Jersey. Lauriston, who, like several others, is experimenting with a new gun, began the day well, but finished in a very quadrangle of ill-luck. At 200 yards he scored two bull's-eyes and a string of five centre, a 500 yard shot, however, failed to find a "shave," overhauling Morris Park, and leaving WILLIAM S. GAVEY, 619 Broadway, N. Y. C.
